

Labo/Texas Global Exchange

Summer Homestay in Japan

Labo's In-Japan summer homestay program gives American youth the opportunity to live with a typical Japanese family four weeks as a family member, not a tourist. Students fly to Tokyo. An overnight stay allows them to get their bearings before traveling to their host families by air, train, or car. *All ground travel in Japan is chaperoned.*

During the summer, students will attend 4 day/3-night Labo Camp with their host. An overnight stay in Tokyo completes this wonderful experience!

Students are assigned to their requested host family or, if they don't have a request, to a family with a child of the same sex and similar age (up to two years age difference).

Labo has an extensive network of branch offices, college Interns, and Labo club leaders to help exchangees if there are problems or questions.

2017 Program Schedule

- February 1 Application and \$100 application fee due to Dr. Darlene Locke
 - Reference letters should be sent directly to your Coordinator.
 - Late applications are accepted only on a 'space available' basis, and may result in higher airfare or delayed host family assignment.
